LANDMARK EAST SCHOOL
CAMPUS AND STUDENT CONSIDERATIONS

Landmark East is first and foremost a school and home-away-from-home for our students. We are delighted to welcome community groups into our Recreation Centre and we have a high expectation that all renters will support us in maintaining a campus that is safe, respectful and welcoming for everyone.

It is the responsibility of all renters to make themselves familiar with the following information that pertains specifically to campus and student considerations.

School Hours

- School hours are from 7:30 am to 6:55 pm, Monday to Friday.

Students on Campus

- Renters should expect that LME students and staff will be present on campus.
- Boarders live on the campus and are usually present during evenings and weekends.
- Our school campus is busy even when evening rentals are active as students may be participating in Study Hall, Student Life activities, meals, or other programming activities.

Access to Other School Buildings

- The LME Rotary Recreation Centre rentals do not include access to the Johnson Academic Centre (main building that houses classrooms, dining hall, kitchen, library, etc.), outdoor spaces (e.g., play pad, fire pit, gaga pit), dormitories, or other school facilities.
- All doors or areas marked as '*Staff Only*' or '*School Use Only*', or are locked or otherwise restricted are not part of the rental agreement.

Privacy

- Under no circumstances should renters photograph or record Landmark East students or staff at any time or for any reason.

Supervision of Rental Participants

- Renters are responsible for supervising the children/youth participating in their programs. Landmark East School staff are not responsible in any way for the supervision of rental participants.

Student Belongings

- Any student belongings or materials found in the facility should be left undisturbed.

Student Displays/Work

- If any student work or bulletin boards are displayed, they are not to be altered in any way, moved, or removed.
- Donor and sponsor displays are to remain intact and in their designated locations; they are not to be altered in any way, moved, or removed.
